

Easyship is a shipping platform that connects sellers and marketplaces to couriers.

The API Integration allows you to connect to the NPFulfilment Logistics Platform –

- NPF pulls orders from Easyship
- NPF get labels from Easyship for the shipment
- NPF request to Easyship carriers for pickup/drop off consignments.

Requirements from client to integrate with NPFulfilment platform

- Access Token

Order Filters that can be applied are as below:

- Order Start date Start date to pull the orders
- Prefix of the order Prefix that can be attached to all Easyship orders
- Shipment status Pull orders only with a particular shipment status
- Label Status Pull orders only with a particular label status
- Specific countries Filter to pull orders for Specific country
- IsCourierPickup Only pull orders if the courier has pickup from NPF.

****Order shipment status that a customer order will go through****

Created ---- Newly created shipments.

Cancelled ---- Cancelled shipments.

****Order label status that a customer order will go through****

Not_created, Pending, Generating, Generated, Printed, Failed, technically_failed, reported.

Test Orders to be created using the following test items to test the full integration.

These are test items and we will not physically dispatch them during the testing process

Item Code	Description
NPF001	This is Test Item 1
NPF004	This is Test Item 2
NPF005	This is Test Item 3

NPF will pull orders in their specified order status.

NPF will get labels from Easyship for the shipments.

NPF request to Easyship carriers for pickup/drop off consignments.

The above Pull and push take place at frequent intervals.

Easyship API

1) Create API Token

In Easyship dashboard select Connect -> Add new

Click API Integration to create new API

Enter the name for API and click Connect button.

Select More toggle button for 'Production'.

Copy the Access Token and edit the Callback URL and enter

http://npfonline.com/EasyShipWebAPI/api/Label/RT_Get_Label and click Tick button.

Send the Access Token to NPF team.
