

SelluSeller Shopping Cart

1) Create a new account in selluseller

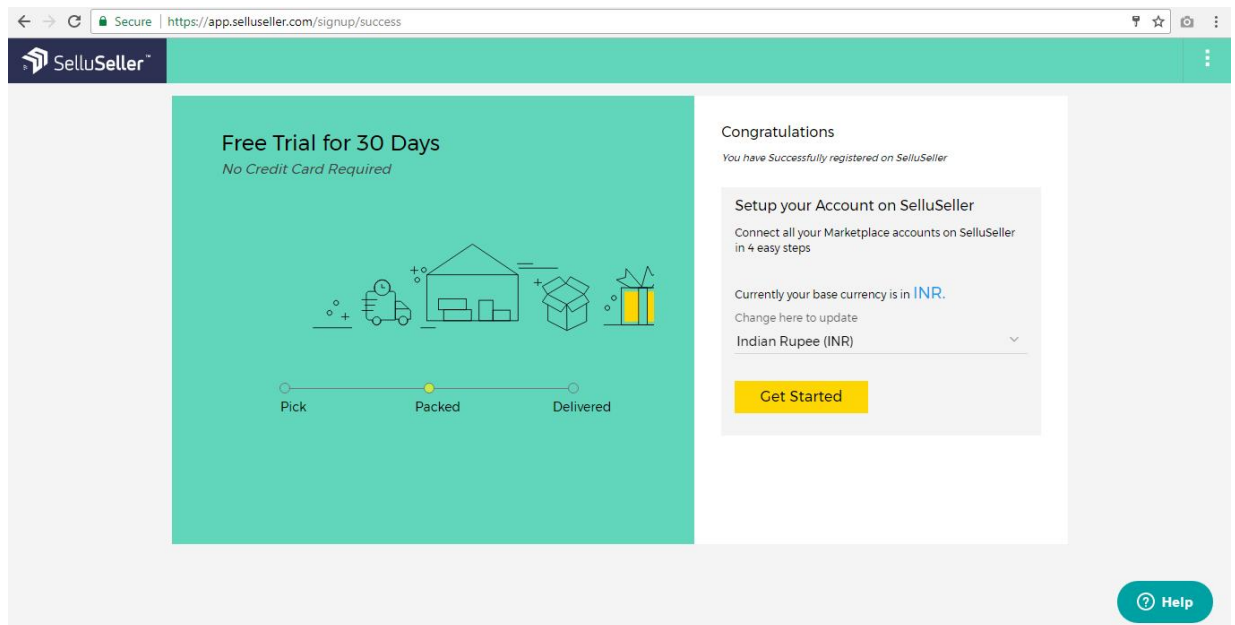

Visit <https://www.selluseller.com>. Click on Free Trial Button.

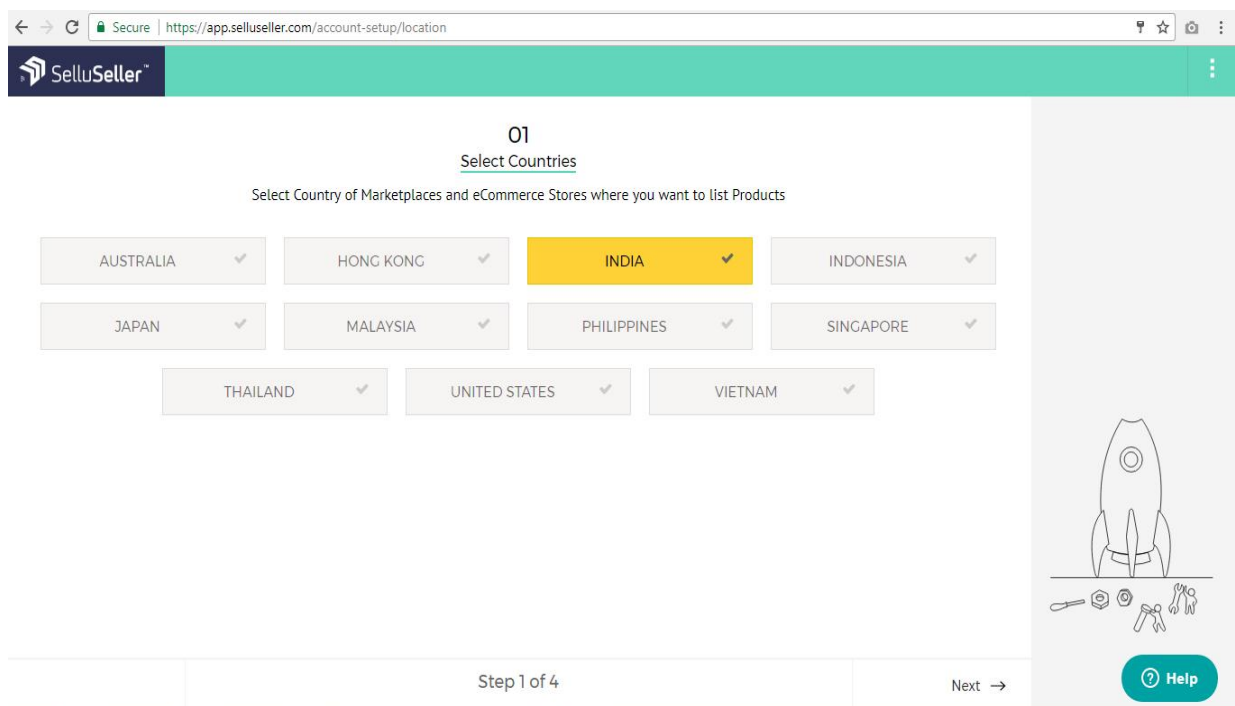

Enter the required information and click Sign up button. The mobile number you entered will receive a OTP password to confirm registration.

The screenshot shows the SelluSeller sign-up page. On the left, there's a section titled 'Free Trial for 30 Days' with the subtext 'No Credit Card Required'. Below this, a diagram shows the order fulfillment process: 'Pick' (represented by a shopping cart icon), 'Packed' (represented by a truck icon), and 'Delivered' (represented by a person receiving a package icon). On the right, there's a 'Sign Up' form. The form includes fields for 'First name', 'Last name', 'Email address' (with a red error message 'Please provide valid email id'), 'Password', 'Company name', and '+91 Mobile number'. There's a checkbox for 'I have Promo Code' and a yellow 'SIGN UP' button. At the bottom, there's a link to 'I agree to the terms and conditions and Privacy Policy'. A 'Help' button is visible in the bottom right corner.

After enter the otp password ,click next and select the currency and click Get Started Button.

Select the countries where your marketplaces located.

Select the marketplaces. We can also add new marketplaces later in admin panel.

The screenshot shows the '02 CONNECT AND SYNC' step of the Sellseller account setup. The page title is 'Select MarketPlaces'. A yellow button labeled 'India' with a checkmark is at the top. Below it, several marketplace logos are displayed in boxes: amazon, ebay, Flipkart, SHOPCLUES, snapdeal, Magento, shopify, JABONG, and Woocommerce. The 'amazon', 'Flipkart', and 'shopify' boxes have a checkmark. At the bottom, there are navigation links: 'Back', 'Step 2 of 4', 'Next', and a 'Help' button. A rocket illustration is on the right side.

Enter the credentials for the marketplace and click connect to sync the products and orders from that marketplace.

The screenshot shows the '03 CONNECT AND SYNC MARKETPLACES' step of the Sellseller account setup. The page title is 'Link your MarketPlace account'. Under the 'INDIA' section, there are two marketplace cards: 'amazon' and 'Flipkart'. Each card has a 'Connect' button and a 'Remove' button. The 'amazon' card has a 'Seller's Nick Name' field with 'Amazon India' and a 'Marketplace Id' field. The 'Flipkart' card has a 'Seller's Nick Name' field with 'Flipkart'. At the bottom, there are navigation links: 'Back', 'Step 3 of 4', 'Done', and a 'Help' button. A rocket illustration is on the right side.

Connected marketplace stores products and orders are automatically sync into selluseller.

Add New Marketplace

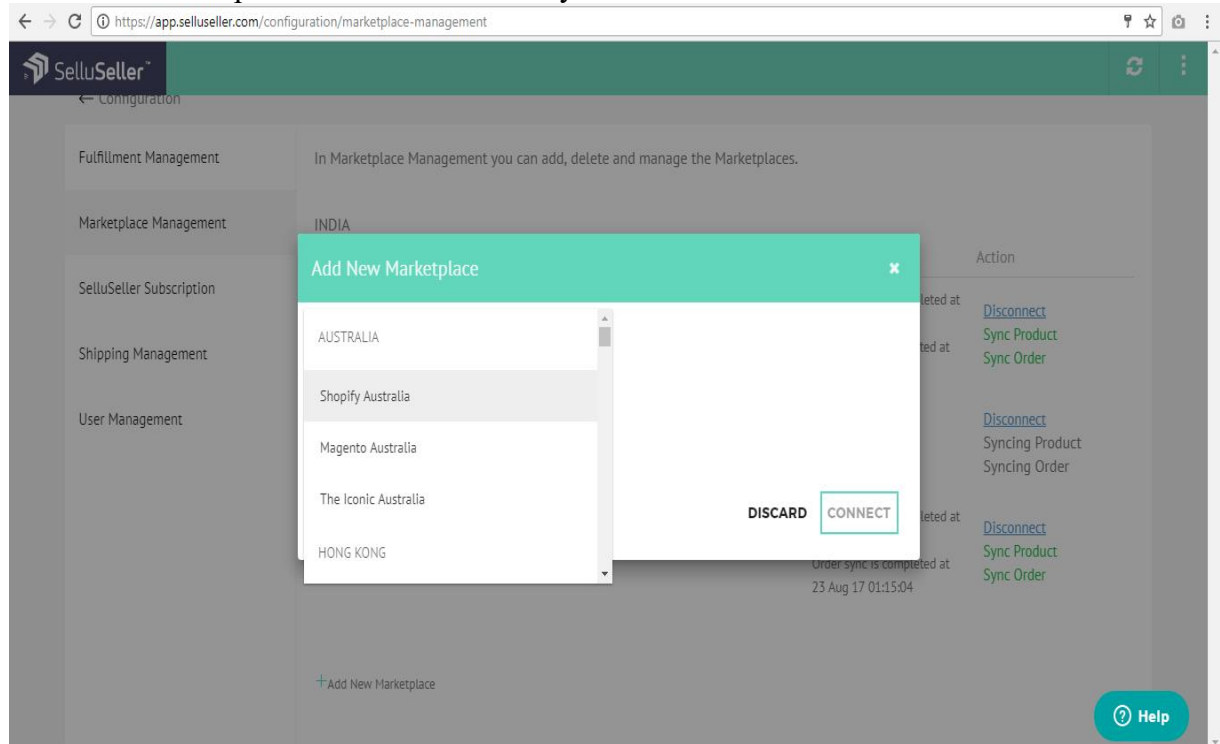

The screenshot shows the SelluSeller dashboard. The top navigation bar includes links for DASHBOARD, CATALOGUE, INVENTORY, ORDERS, PROMOTIONS, and REPORTS. A user profile dropdown for 'Ram' is open, showing options for 'Configuration' (highlighted with an orange box) and 'Logout'. The dashboard content includes a 'Welcome to SelluSeller!' message, a 'SALES OVERVIEW' section with 'Today', 'Last 7 Days', and 'Last 30 Days' filters, and a 'QUICK ACTION' section with 'Add new product' and 'Add Inventory' buttons. Below this is an 'ORDERS' section with filters for 'Last 7 Days', 'Last 30 Days', and 'Last 90 Days', and a 'TOTAL SALES' section with similar filters. A 'View All' link is present. The bottom right corner features a 'Help' button.

Select Configuration -> Marketplace Management -> Add new Marketplace.

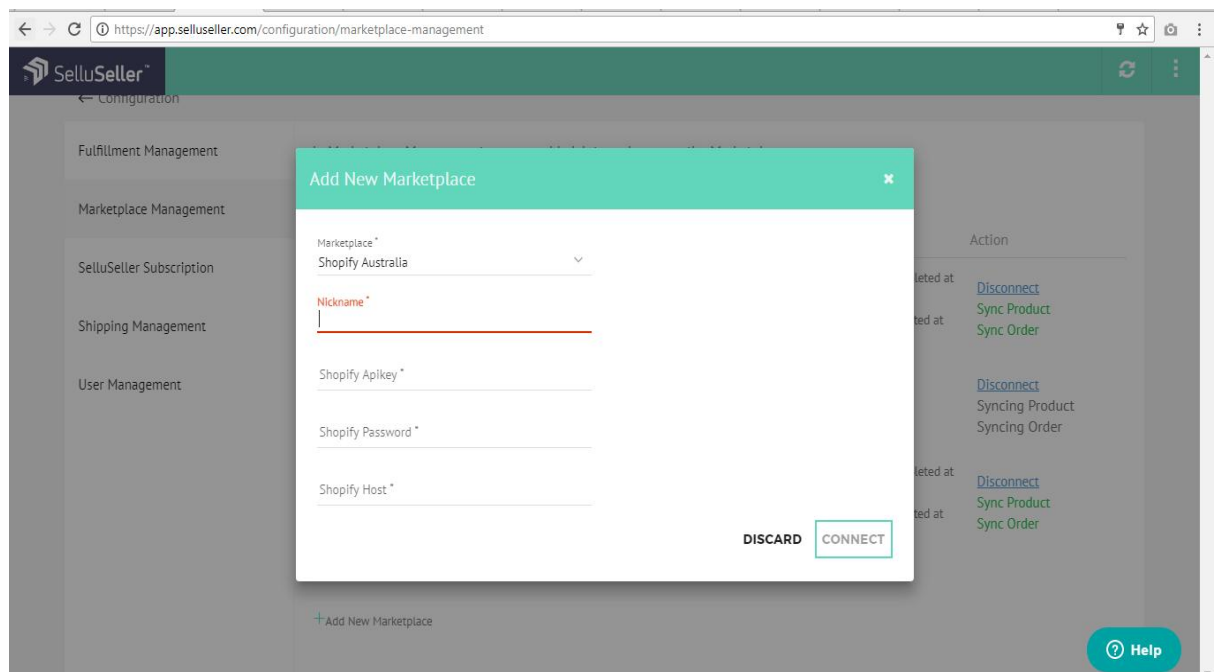

The screenshot shows the 'Configuration - Marketplace Management' page. The left sidebar contains a 'Marketplace Management' section (highlighted with an orange box) with sub-links for 'Fulfillment Management', 'Marketplace Management', 'SelluSeller Subscription', 'Shipping Management', and 'User Management'. The main content area displays a table of marketplaces for 'INDIA'. The table has columns for 'Marketplace', 'Marketplace Name', 'Status', 'Sync Status', and 'Action'. Three marketplaces are listed: Amazon India, Flipkart, and Shopify India, all with a 'Connected' status. The 'Action' column for each marketplace contains links for 'Disconnect', 'Sync Product', and 'Sync Order'. At the bottom of the table, there is a '+ Add New Marketplace' button (highlighted with an orange box). A 'Help' button is located in the bottom right corner.

Marketplace	Marketplace Name	Status	Sync Status	Action
amazon	Amazon India	Connected	Product sync is completed at 23 Aug 17 01:15:23 Order sync is completed at 23 Aug 17 01:15:26	Disconnect Sync Product Sync Order
Flipkart	Flipkart	Connected		Disconnect Syncing Product Syncing Order
shopify	Shopify India	Connected	Product sync is completed at 23 Aug 17 01:15:14 Order sync is completed at 23 Aug 17 01:15:04	Disconnect Sync Product Sync Order

Select the Marketplace based on the country.

Enter the marketplace credentials and click connect to sync the products and orders from the marketplace.

Now the connected store will be displayed.

The screenshot shows the 'marketplace-management' page in the SelluSeller application. The interface includes a sidebar with 'Subscription', 'Shipping Management', and 'User Management'. The main content area displays a list of connected marketplaces. For India, three stores are listed: Amazon India, Flipkart, and Shopify India, all with a 'Connected' status. For Australia, one store is listed: RT-Ram (Shopify), also with a 'Connected' status. Each store entry includes sync completion timestamps and action links for 'Disconnect', 'Sync Product', and 'Sync Order'. An orange box highlights the Australia section. At the bottom, there is a '+ Add New Marketplace' button and a 'Help' button.

Marketplace	Marketplace Name	Status	Sync Status	Action
amazon	Amazon India	Connected	Product sync is completed at 23 Aug 17 01:15:23 Order sync is completed at 23 Aug 17 01:15:26	Disconnect Sync Product Sync Order
Flipkart	Flipkart	Connected		Disconnect Syncing Product Syncing Order
shopify	Shopify India	Connected	Product sync is completed at 23 Aug 17 01:15:14 Order sync is completed at 23 Aug 17 01:15:04	Disconnect Sync Product Sync Order
AUSTRALIA				
shopify	RT-Ram	Connected		Disconnect Syncing Product Syncing Order

Products and orders are sync periodically. If admin wants to sync immediately click on sync product and sync order for the corresponding marketplace.
